

TRAUMA CENTER

1. **A Trauma Center is** an acute care hospital designated by the Alameda County Board of Supervisors as such and has:

- 1.1 A written contractual agreement with the County.
- 1.2 Responsibility for the care of major trauma victims.

A major trauma victim as defined by the Title 22, Division 9 means "a person who has sustained acute injury and by means of standardized field triage criteria is judged to be at significant risk of mortality or major morbidity."

2. Designated Trauma Centers

- 2.1 Adult Trauma Centers:
 - Highland General Hospital is the designated trauma center for North County
 - Eden Hospital is the designated trauma center for South/East County
- 2.2 Pediatric Trauma Center:
 - Children's Hospital of Oakland.
