

Medical/Health Surge Staffing

In anticipation for a greater surge of COVID patients, Alameda County is collecting information from those who work in medical and health care settings, who are willing to work shifts in alternate patient care locations within the county. We are looking for:

Doctors, physician assistants, nurse practitioners, nurses, EMTs, paramedics, medical assistants, phlebotomists, respiratory techs, ER techs, X-ray techs, pharmacists, pharmacy techs, social workers, registration clerks, nutrition staff, housekeeping, IT, security, maintenance, etc. There may also be need for translation services.

If you are available and willing to work in any of these capacities, [please fill out this form](https://veoci.com/veoci/p/form/sbzf6dx5qjiv). (If the link doesn't work, please copy and paste this into your URL <https://veoci.com/veoci/p/form/sbzf6dx5qjiv>)

If you are willing to volunteer in any of these positions, please note "VOLUNTEER" in the section asking for whom you work.

We are aware that California's Disaster Healthcare Volunteer system has recently adapted to help with this COVID response. If you are a licensed medical/health professional, please submit your information through [this link](https://covid19.ca.gov/healthcorps/) *in addition* to completing our survey. (If this link doesn't work, please copy and paste this into your URL <https://covid19.ca.gov/healthcorps/>)

As a reminder, we are only gathering information on the prospective workforce. **Currently, there are no established schedules or locations.** As the situation evolves and planning takes more definitive shape, we will contact you to see if you are still available.

With sincere gratitude,
Alameda County Medical Health Branch
